### **EXTERIOR SELECTIONS**

#### **BRICK FOUNDATION**

Please go to [www.trianglebrick.com](http://www.trianglebrick.com)

Click on “Product Showroom”

Click on “Sand-faced Brick” (all other products are an upgrade)

Click on the moving squares at the bottom to see a house with this color brick on it.

(This sometimes takes a little while to pull up the photos). When the picture comes up, there will be a color name at the top of the picture.

We normally use “Bessemer Grey” or “Southampton”

#### **ROOF SHINGLES**

Please go to [www.atlasroofing.com/shingle\\_visualizer](http://www.atlasroofing.com/shingle_visualizer)

Click on “Chalet”

Click on the roof shingle colors and see the selections.

We normally use “Weathered Shake” or “Heatherblend”

#### **STONE VENEER**

Please go to [www.unitedstoneveneer.com](http://www.unitedstoneveneer.com)

Under “Our Collections”, click on a style of stone – this will bring up several colors in that style. You may choose any style and any color of stone (with the exception of “Riverstone” – this is an upgrade).

## SHUTTERS

Please go to [www.midamericabuilding.com](http://www.midamericabuilding.com)

Select "Product"

Select "Shutters"

Select "Standard Raised Panel"

View colors.

## EXTERIOR PAINT

Please go to a local Duron Paint Store to select your paint colors. You may pick them out at the store or you can purchase a Duron Swatch Wheel (between \$5.00 - \$15.00). We will buy it back from you later if you wish. I suggest getting a swatch book so that you can take it with you so that you can match it up with your stone veneer and for future interior selections. Duron does have a website, but I suggest looking at the actual swatches in your hands so you can see what the paint really looks like without being digitally enhanced, as it is on the internet.

Please select the following exterior colors at this time and provide me with the paint color name and code number:

- 1) Main color (whole house color)
- 2) Accent color - if you want an accent color on your gables (the triangle peaks)
- 3) Trim color – (this color is usually a shade of white and is used on all the house trim and exterior doors, with the exception of the front door. Our most popular trim colors are:
  - For an off-white color: Duron SW 6154 Nacre
  - For a cream color: Duron SW 6133 Muslin

## FRONT DOOR

Please review the attached booklet for your front door selection. You may choose any highlighted front door. You will receive standard three-panel sidelights and transom (overhead) windows, if they apply to your house layout. You may upgrade any front door, sidelights or transoms if you wish. You will be responsible for the difference between the standard door/sidelights/transom and the upgraded door/sidelights/transom.

# Fontana

- Gray Renaissance
- Clear Bevel
- Clear Renaissance
- Clear Bevels
- Patina Caming

## Patina

*Fontana a unique keystone bevel crowns the clear bevel border and the center bevel cluster. Satin Nickel or Patina caming highlights the gray & clear renaissance background.*

## GARAGE DOORS

Please review the following garage door window selections. You may choose any highlighted window pattern. The actual garage door will look like the garage door shown below, but will have the window pattern that you select.
